Jack Ketcham

Head of Engineering

Tempe, AZ

💼 Experience

Head of Engineering
After.com
Tempe, AZ
Jul 2022 - Present

Software Engineer
HiringSolved
Chandler, AZ
Sep 2015 - Jun 2022
Led the migration of our platform from bare-metal to Kubernetes in Google Cloud.

Managed direct reports, facilitated engineering hiring, and helped manage product/engineering road map.

Software Engineer Intern
Uber
San Francisco, CA
May 2015 - Aug 2015
Built internal web app used by 'City Operations' teams utilizing React, Flux and Immutable.js while on the Communications Platform team.

Full Stack Developer
AncestorCloud (now trace.com)
Remote - Provo, UT
Feb 2014 - May 2015
Designed and developed AngularJS web app, NodeJS backend using Express, Redis and MongoDB. Set up and managed continuous deployment to AWS.

Intern
29th Drive (acquired by Tallwave/Ethology)
Scottsdale, AZ
Oct 2013 - Jun 2014
Worked with a team of designers and developers to create mobile-first client websites. Practiced agile development, pair programming and an iterative design thinking approach to user experience problems.
